**Description:**

This bulletin announces the divestiture of the 1630 GSX / SX, 1631 SX SMC (not LMC), 1633 SX, 1648 SM, and 1610 OA product lines to Telmar Network Technology.

Effective 09/29/2006, Alcatel has transferred to Telmar Network Technology the right to develop, manufacture, sell, and support the 1630 GSX / SX, 1631 SMC, 1633 SX, 1648 SM, and 1610 OA product lines. As part of the divestiture, Alcatel has also transferred to Telmar any Application Programs associated with Alcatel's 1301, 1320, and 1353 Network Management Products which are specific to the 1630 GSX / SX, 1631 SX SMC, 1633 SX, 1648 SM and 1610 OA products.

To assist in the transition, purchase orders for equipment or services for these products may be submitted to Alcatel or Telmar Network Technology until 12/31/2006 and thereafter directed to Telmar Network Technology.

For Technical Assistance and Repair and Return services, continue to contact the Alcatel Customer Service Center at 1-888-252-2832 through 10/31/2006. From 11/01/2006 through 12/31/2006 contact either the Alcatel Customer Service Center or Telmar Network Technology. Alcatel and Telmar Customer Service representatives will direct your requests to the appropriate parties during this transition period. After 12/31/2006, contact Telmar Network Technology directly for service requests.
